

Kyle Johnson

August 17, 1998 – April 2, 2018

North Attleboro, MA

Kyle Johnson had a profound impact on many people in his nineteen years, both in his hometown of North Attleboro, MA and across the two campuses of Keene State College and Bridgewater State University. To know Kyle was to know goodness. He was a special soul with a special heart, and he will always be remembered for his love of his family and friends, his passion for helping others, and his amazing sense of humor and contagious laugh.

To some people Kyle was the funniest friend they knew, and his infectious laugh and smile welcomed everyone in. He made friends laugh with his quick wit and humor, he knew how to turn the mundane into something hilarious and memorable, and his sense of humor and great laugh could make anyone's day better. The love Kyle had for making others happy drove everything he did. He had a deep devotion to the Special Needs Community in the southeastern Massachusetts area, and he made a positive impact on their lives through his time spent volunteering for the Special Olympics, Best Pals, and Best Buddies organizations.

Although his life was far too short, Kyle left a meaningful legacy of caring for others no matter how he was feeling. It is in Kyle's memory, and in recognition of his legacy of caring, that the KyleCares Foundation was created by his family. KyleCares strives each day to promote open and honest communication about mental health challenges experienced by teens and young adults, and to assist in providing them with resources and support needed to navigate life's obstacles during their high school and college years.
